

## About Sweet Karen

Sweet Karen, one of the HHYF original purchases for our hands-on teaching program, continues to dazzle her fans and supporters! She attends important meet-and-greet activities in the East coast as her schedule allows during the summer. During the winter/spring, she keeps some of her equine friends at Diamond Creek entertained with her delightful company.

Partly due to her unique (for a race horse at least) coloring, but mostly because of her "sweet" personality, Karen has been with HHYF since 2001. She wasn't particularly phenomenal as a race horse but she has always loved having doting little girls braiding, brushing, and loving her.

Throughout her life, she has struggled with weight issues but due to strict enforcement by Diamond Creek personnel, she now looks svelte and healthy - and ready for many more years of involvement with HHYF. It only seemed fitting that a few years ago for HHYF to create a scholarship for kids who have been through our programs in her honor!
